

IN THE SPECIFICATION

Please replace the Second Full Paragraph at Page 20, beginning at line 14 with the following:

In addition, when the customer requests an emergency 911 service using the telematics device 60, the customer can transmit the on-board data to a Public ~~Service~~ Safety Answering Point. In this manner, the Public ~~Service~~ Safety Answering Point will have the on-board data for the customer in order to provide the most optimal service.
